NOLAN, M.D. 4498.

March 28th, 1917.

He went out for a walk to see a friend in the R.F.C. and was lucky enough to get a joy ride in a plane which failed to return. It was not discovered that he was in the plane until he had been missing for a month. The facts have now been given out in Orders. He came from Adelaide with my reinf. and was a youngster of about 21.
